This Appendix sets out modifications to the Harmonized Tariff Schedule of the United States (HTSUS) that reflect the tariff rate quotas (TRQs) that the United States shall apply to certain originating goods from Canada under this Agreement. In particular, originating goods of Canada included under this Appendix shall be subject to the rates of duty set out in this Appendix in lieu of the rates of duty specified in Chapters 1 through 97 of the HTSUS. 1. Each Party shall grant duty-free temporary admission for:

(b) goods intended for display or demonstration, including their component parts, ancillary apparatus and accessories;

admitted from the territory of another Party, regardless of their origin and regardless of whether like, directly competitive, or substitutable goods are available in the territory of the Party.

(a) be imported by a national of another Party who seeks temporary entry;

(b) be used solely by or under the personal supervision of a national of another Party in the exercise of the business activity, trade, profession, or sport of that person;

(c) not be sold, leased, or, for goods referred to in paragraph 1(c), not be put to any use other than exhibition or demonstration, while in its territory;

(e) be capable of identification when exported;

(f) be exported on the departure of the person referenced in subparagraph (a), or within any other period reasonably related to the purpose of the temporary admission as the Party may establish, unless extended;

(g) be admitted in no greater quantity than is reasonable for its intended use; and

(h) be otherwise admissible into the Party's territory under its law.

3. Subject to its domestic law, each Party shall extend the time limit for temporary admission beyond the period initially fixed at the request of the person concerned.

4. Each Party shall adopt and maintain procedures providing for the expeditious release of goods admitted under this Article. To the extent possible, those procedures shall provide that when such a good accompanies a national of another Party who is seeking temporary entry, the good shall be released simultaneously with the entry of that national.

5. Each Party shall permit a good temporarily admitted under this Article to be exported through a customs port other than the port through which it was admitted.

6. Each Party shall provide, in accordance with its law, that the person responsible for a good admitted under this Article shall not be liable for failure to export the good upon presentation of proof satisfactory to the Party into which the good was admitted that the good has been destroyed within the original period fixed for temporary admission or any lawful extension.

7. If any condition that a Party imposes under paragraph 2 has not been fulfilled, the Party may apply the customs duty and any other charge that would normally be owed on entry or importation of the good in addition to any other charges or penalties provided for under its law.

8. Subject to Chapters 14 (Investment) and Chapter 15 (Cross Border Trade in Services):

(a) each Party shall allow a vehicle, or shipping container or other substantial holder, that enters its territory from the territory of another Party to exit its territory on any route that is reasonably related to the economic and prompt departure of that vehicle, or shipping container or other substantial holder;

(b) no Party shall require any security or impose any penalty or charge solely by reason of any difference between the port of entry and the port of departure of a vehicle, or shipping container or other substantial holder;

(c) no Party shall condition the release of any obligation, including any security, that it imposes in respect of the entry of a vehicle, or shipping container or other substantial holder, into its territory on the exit of that vehicle, or shipping container or other substantial holder, through any particular port of departure; and

(d) no Party shall require that the vehicle or carrier bringing a shipping container or other substantial holder from the territory of another Party into its territory be the same vehicle or carrier that takes that shipping container or other substantial holder to the territory of another Party.

9. For the purposes of paragraph 8, **vehicle** means a truck, a truck tractor, a tractor, a trailer unit or trailer, a locomotive, or a railway car or other railroad equipment, if used in international traffic.

10. (a) Each Party shall adopt or maintain procedures allowing for the arrival and release from customs custody, such as through procedures that provide for temporary admission as set forth in this Article, of a shipping container or other substantial holder being used or to be used in the shipment of goods in international traffic, whether arriving full or empty and of any size, volume, or dimension, with relief from custom duties and allowing it to remain within its territory for at least 90 consecutive days.

(b) Each Party shall, in accordance with its law, regulations, and procedures, extend the timeframe for temporary admission of a shipping container or other substantial holder beyond the period initially fixed at the request of the person concerned.

(c) A Party may require that a shipping container or other substantial holder be registered with the customs authority the first time it arrives in its territory, as a condition for this treatment.

11. Each Party shall include in the treatment of any shipping container or other substantial holder that has an internal volume of one cubic meter or more, the accessories or equipment accompanying it as defined by the importing Party.

12. For the purposes of paragraphs 8, 10, and 11, a shipping container or other substantial holder includes any container or holder, whether collapsible or not, that is constructed of a sturdy material capable of repeated use, if used in the shipment of goods in international traffic.

1. No Party shall apply a customs duty to a good, regardless of its origin, that re-enters its territory after that good has been temporarily exported from its territory to the territory of another Party for repair or alteration, regardless of whether that repair or alteration could have been performed in the territory of the Party from which the good was exported for repair or alteration or has increased the value of the good.

2. Paragraph 1 does not apply to a good imported under a duty deferral program that is exported for repair or alteration and is not re-imported under a duty deferral program.

3. Notwithstanding Article 2.5 (Drawback and Duty Deferral Programs), no Party shall apply a customs duty to a good, regardless of its origin, admitted temporarily from the territory of another Party for repair or alteration.

4. For the purposes of this Article, repair or alteration does not include an operation or process that:

(a) destroys a good's essential characteristics or creates a new or commercially different good; or

(b) transforms an unfinished good into a finished good.

Article 2.9: Duty-Free Entry of Commercial Samples of Negligible Value and Printed Advertising Materials

No Party shall apply a customs duty to commercial samples of negligible value or to printed advertising materials imported from the territory of another Party, regardless of their origin, but may require that:

2. The Parties understand that GATT 1994 rights and obligations incorporated by paragraph 1 prohibit, in any circumstances in which any other form of restriction is prohibited, a Party from adopting or maintaining:

3. In the event that a Party adopts or maintains a prohibition or restriction on the importation from or exportation to a non-Party of a good, nothing in this Agreement shall be construed to prevent that Party from:

(a) limiting or prohibiting the importation of the good of that non-Party from the territory of another Party; or

(b) requiring, as a condition for exporting the good of the Party to the territory of another Party, that the good not be re-exported to the non-Party, directly or indirectly, without being consumed in the territory of the other Party.

4. In the event that a Party adopts or maintains a prohibition or restriction on the importation of a good from a non-Party, the Parties, on the request of a Party, shall consult with a view to avoiding undue interference with or distortion of pricing, marketing, or distribution arrangements in another Party.

5. No Party shall as a condition for engaging in importation generally, or for the importation of a particular good, require a person of another Party to establish or maintain a contractual or other relationship with a distributor in its territory.

6. For greater certainty, paragraph 5 does not prevent a Party from requiring that a person referred to in that paragraph designate a point of contact for the purpose of facilitating communications between its regulatory authorities and that person.

7. Paragraphs 1 through 6 shall not apply to the measures set out in Annex 2-A: Exceptions to Article 2.3 (National Treatment) and Article 2.10 (Import and Export Restrictions).

8. For greater certainty, paragraph 1 applies to the importation of any good implementing or incorporating cryptography, if the good is not designed or modified specifically for government use and is sold or otherwise made available to the public.

9. For greater certainty, no Party may adopt or maintain a prohibition or restriction on the importation of originating used vehicles from the territory of another Party after January 1, 2019. This Article shall not prevent a Party from applying motor vehicle safety or emissions measures, or vehicle registration requirements, of general application to originating used vehicles in a manner consistent with this Agreement.

Article 2.11: Remanufactured Goods

1. For greater certainty, paragraph 1 of Article 2.10 (Import and Export Restrictions) applies to prohibitions and restrictions on remanufactured goods.

2. Subject to its obligations under this Agreement and the WTO Agreement, a Party may require that remanufactured goods:

(a) be identified as such, including through labelling, for distribution or sale in its territory, and

(b) meet all applicable technical requirements that apply to equivalent goods in new condition.

3. If a Party adopts or maintains prohibitions or restrictions on used goods, it shall not apply those measures to remanufactured goods.

Article 2.12: Administrative Fees and Formalities

1. Each Party shall ensure, in accordance with Article VIII:1 of the GATT 1994 and its interpretative notes, that all fees and charges of whatever character (other than customs duties, charges equivalent to an internal tax or other internal charge applied consistently with Article III:2 of the GATT 1994, and antidumping and countervailing duties) imposed on or in connection with importation or exportation are limited in amount to the approximate cost of services rendered and do not represent an indirect protection to domestic goods or a taxation of imports or exports for fiscal purposes.

2. No Party shall require consular transactions, including related fees and charges, in connection with the importation of a good of another Party.[2]

3. No Party shall adopt or maintain a customs user fee on originating goods.[3]

Article 2.13: Export Duties, Taxes, or Other Charges

Article 2.15: Transparency in Import Licensing Procedures

1. Subject to paragraph 2, as soon as practicable, after this Agreement enters into force, each Party shall notify the other Parties of its existing import licensing procedures, if any. The notification shall:

(a) include the information specified in Article 5.2 of the Import Licensing Agreement and in the annual questionnaire on import licensing procedures described in Article 7.3 of the Import Licensing Agreement; and

(b) be without prejudice as to whether the import licensing procedure is consistent with this Agreement.

2. A Party shall be deemed to be in compliance with the obligations in paragraph 1 with respect to an import licensing procedure if:

(a) it has notified that procedure to the Committee on Import Licensing provided for in Article 4 of the Import Licensing Agreement together with the information specified in Article 5.2 of that agreement; and

(b) in the most recent annual submission due before entry into force of this Agreement to the Committee on Import Licensing in response to the annual questionnaire on import licensing procedures described in Article 7.3 of the Import Licensing

Agreement, it has provided, with respect to that procedure, the information requested in that questionnaire.

3. A Party shall publish on an official government Internet website any new or modified import licensing procedure, including any information that it is required to be published under Article 1.4(a) of the Import Licensing Agreement. To the extent possible, the Party shall do so at least 20 days before the new procedure or modification takes effect.

4. Each Party shall respond within 60 days to a reasonable inquiry from another Party concerning its licensing rules and its procedures for the submission of an application for an import license, including the eligibility of persons, firms, and institutions to make an application, the administrative body or bodies to be approached, and the list of products subject to the licensing requirement.

5. If a Party denies an import license application with respect to a good of another Party, it shall, on request of the applicant and within a reasonable period after receiving the request, provide the applicant with a written explanation of the reason for the denial.

6. No Party shall apply an import licensing procedure to a good of another Party unless the Party has complied with the requirements of paragraphs 1 or 2, and 3, with respect to that procedure.

Article 2.16: Transparency in Export Licensing Procedures

1. Within 30 days after the date of entry into force of this Agreement, each Party shall notify the other Parties in writing of the publications in which its export licensing procedures, if any, are set out, including addresses of relevant government Internet websites on which the procedures are published. Thereafter, each Party shall publish any new export licensing procedure, or any modification of an export licensing procedure, it adopts as soon as practicable but no later than 30 days after the new procedure or modification takes effect.

2. Each Party shall ensure that it includes in the publications it has notified under paragraph 1:

(a) the texts of its export licensing procedures, including any modifications it makes to those procedures;

(b) the goods subject to each licensing procedure;

(c) for each procedure, a description of:

(i) the process for applying for a license; and
